Press Release

Frankfurt, November 2017

Jamieson Corporate Finance, the UK's leading independent management advisory firm, and **MPTransaction GmbH** ("MPT"), the Germany-based advisory firm, have announced a strategic partnership starting in November 2017. The partnership will see the two firms join forces to provide management advisory services on mid-large cap private equity transactions in Germany and Austria.

MPT Jamieson will be spearheaded by Jamieson CEO Ian Jamieson and MPT Co-Founders Karin Himmelreich and Felix Rose, based in Frankfurt. The partnership will look to capitalise on the growing private equity and M&A sector in Germany and Austria which has seen deals almost double in number and value compared to 2016.

Ian Jamieson, says, "We are very much looking forward to launching our partnership with MPT who are Germany's leading management adviser. Our joint wealth of experience and established reputations provides a powerful opportunity to expand our presence within a region which is seeing a surge in large cap private equity investor deals."

Karin Himmelreich and Felix Rose of MPT, say, "With Jamieson's track record and credibility in the large cap international buyout market combined with our local knowledge of the region and expertise, our partnership should be a major force in the management advisory market in the German and Austrian geographies."
